Winter Assignment

(Class – Ist)

2. Sparrow - not a machine
3. Computer - Machine
4. Elephant - not a machine
5. Train- Machine

Brainstorm

Pg. No. 9

1. Encircle the machines only. Write H for human made things and N for natural things.

a. N, b. H. c. H

The Sun is not considered a machine because it does not meet the criteria or characteristics typically associated with machines. Machines are generally created and designed by humans to perform specific tasks or functions. They consist of various components, often have a specific purpose, and operate based on human-made mechanisms.

2. Computer

Additional Questions. (To be done on Note Book)

Q.No.1: What are natural things?

Ans: The things that are gifted By Nature are called natural things.

Q.No.2: What are human made things?

Ans: The things that are made by humans are called human- made things.
